MEMORANDUM FOR: Director, Photographic Intelligence Center

SUBJECT: PIC Budget Estimates for FY 1959 and 1960

1. Total funds available to the DD/I area in FY 1959 will not exceed that amount planned for and presented in the FY 1959 Congressional Estimates. During the year, of course, we may be confronted with unanticipated situations of sufficient importance to require a release from Agency contingency funds but at this time my planning must take place within the framework of the pre-determined funding level set last September.

2. With the above facts in mind I have reviewed carefully your FY 1958 obligations and your requests for FYs 1959 and 1960 as set forth in the operating and preliminary estimates. While I am willing to entertain certain increases for FY 1960 I am unable to approve any increase over the Congressional Estimate amount for FY 1959. Accordingly, your budget for FY 1959 and your request for FY 1960 are approved at the following levels:

FY 1959  
FY 1960

3. With regard to your FY 1960 request it should be understood that the funds requested for Minicard equipment may well be deleted and considered as contingency items.
